

Base-Base Transport

This Transport Plan outlines the delivery lead times and departure schedules for locations across Norway, helping vendors, customers, and ASCO to coordinate transport efficiently and avoid unnecessary delays. Please review the required lead times and departure schedules carefully, and ensure bookings are made within the specified timeframes.

Additional information

Standard shipping times are measured in business days and exclude weekends and public holidays.

Express lead times are indicative and may vary.

Transport of dangerous goods and oversized cargo may result in extended lead times.

Processing time for permit applications may take 1–3 working days.

Lead times are calculated from the time the vehicle is fully loaded.
