Supplementary material

This appendix was part of the submitted manuscript and has been peer reviewed.
It is posted as supplied by the authors.

Appendix to: Singh N, Chaudhri K, Catt C. Hypertensive retinopathy in the paediatric setting. *Med J Aust* 2023; doi: 10.5694/mja2.51929.

Figure 1. Macular optical coherence tomography scans of the right and left eyes, at the level of the fovea

Extensive subretinal fluid (yellow arrow). Mild intraretinal fluid and exudate (green arrow).

Figure 2. Progress optical coherence tomography scans, comparing the initial appearance (day 0) with day 10 and 62. There is serial improvement, especially in the degree of subretinal fluid
