Beard FH, Hendry AJ, Macartney K. Early success with room for improvement: influenza vaccination of young Australian children. *Med J Aust* 2019; 210: 484–486. https://doi.org/10.5694/mja2.50141

In this Perspective article, the Box title should read: "Australian cumulative coverage estimates* of at least one dose of influenza vaccine from the Australian Immunisation Register in 2018 (1 April to 30 September) for children aged 6 months to less than 5 years, by age group, for all children (A) and Indigenous children (B) and by jurisdiction (inserts), assessed at 30 September 2018". ◆
