Joint Managing Directors Message

Welcome to the Spring edition of *Life by Hometown Australia*. In this edition we provide insights into Hometown Australia's commitment to South Australia with the expansion project at Seachange, we explore stunning spring destinations that are home to some of Hometown Australia's most vibrant communities, and we recap the fun from the State of Origin Bowling competition 2025.

Hometown Australia is pleased to share our commitment to South Australia through the expansion of the Seachange community in Goolwa on the Fleurieu Peninsula. Earlier this year, Hometown commenced the development of 181 brand-new homes and a wellness centre featuring an indoor heated pool, gym, pickleball courts, bowling green, and more. Demand for affordable over-50s living is rising across the region, and Hometown Australia's innovative land lease model is helping to bridge the gap by offering accessible, high-quality homes within vibrant, lifestyle-focused communities.

We're thrilled to announce the opening of the Parkside sales office at Yamba Fair Shopping Centre. An exciting milestone in bringing this vibrant community to life, the new space allows us to showcase the vision of Parkside Yamba and offer a first-hand look at the lifestyle it promises. We invite you to visit, explore home designs, view masterplans, and connect with our friendly team.

Lastly, in this edition we take a look at how residents have been forming new friendships over a shared passion for literature, a couple celebrate love at the Newport community, and we announce the winners of the State of Origin Bowling competition 2025!

We hope you enjoy this edition of *Life by Hometown Australia*.

GOOLWA

Younger Retirees Attracted to Seachange Lifestyle

With stylish, affordable homes and a cutting-edge wellness centre on the way, it's easy to see why the Seachange community in Goolwa, South Australia, is quickly becoming a popular choice for younger retirees seeking a vibrant coastal lifestyle.

Seachange will welcome a new wellness centre featuring an indoor heated swimming pool, pickle ball court, bowling green, outdoor BBQ area, and gym. In addition to the exciting new amenities, the expansion will include a total of 181 new homes. With stage one already released, Kerry Lange, Sales Manager at Seachange shared the homes and wellness centre are providing to be popular among retirees in their 60s. "I am finding plenty of interest from more active retirees, who are keen to take advantage of the great new fitness and recreation facilities in the wellness centre," said Kerry.

Seachange's new homes include modern and stylish design options which reflect recent feedback received from downsizers. "The new home designs are fantastic for those who are looking for low maintenance living but still offer space to entertain and host guests. Designs include indoor-outdoor living, contemporary kitchens, master suites, a multi-purpose room, double garages, a covered alfresco area and more," said Kerry.

Seachange offers a low maintenance, flexible lifestyle with expressions of interest from couples and singles who are looking to downsize from their current three to four-bedroom homes, for a more affordable home offering less maintenance.

Stage 1 has sold out, with stage 2 homes now released. Two bedroom homes start from \$575,000 and three-bedroom homes are available from \$595,000. These prices compare favourably to Adelaide's May 2025 median house price of \$848,940, which represents an 8.3% increase over 12 months.

Seachange's unique land lease living model means buyers do not need to pay stamp duty, council rates or exit fees, and get to keep all capital gains. "By releasing home equity, new residents will be increasing their savings so they can enjoy a better retirement lifestyle, including more travel," said Kerry.

"There is strong demand for affordable housing in this part of the world due to the areas rising prices. We are helping downsizers to retire in this beautiful area, at a price point below the typical suburban home here on the peninsula, or in Adelaide," said Kerry.

Sunshine, Sportsmanship & Spirit at this Years State of Origin Bowling Grand Final

Perfect weather set the scene for the 2025 Hometown Australia State of Origin Bowling Competition Grand Final, and what a day it was! Held under clear skies and golden sunshine, the event drew a big crowd, with plenty of laughter and friendly rivalry on the green.

Although the NSW floods posed last-minute challenges for some southern supporters - it didn't dampen the spirit. A full house turned up for the pre-match dinner, and the cheering crowd brought vibrant energy to the day's matches at this much-loved event.

The Maroochy Shores community held the Friday night pre-match dinner, which was a hit with players and supporters alike with the pre-dinner event allowing the opportunity for the players from each state to mingle and setting the tone for a weekend of camaraderie.

Grand Final Day

The day began with a laid-back "heart-starter" breakfast, giving players and supporters time to chat and enjoy a roll-up before the official 9am start. The games were staggered throughout the day in a relaxed, friendly format with the Ladies Pairs opening the competition followed by Men's Pairs, and the deciding match being the Mixed Pairs, with NSW ultimately clinching the win. Spectators and players enjoyed food from a local food truck and coffee van keeping everyone well-fed and refreshed.

Saturday Night Presentations

Medals were awarded at the Saturday night dinner, where players were interviewed and celebrated for their efforts on and off the field. The atmosphere was relaxed, heartfelt, and full of appreciation for another successful State of Origin event.

MHIA Player of the Series Tribute: David Doolan

This year, the MHIA Player of the Series was awarded with heartfelt meaning. More than just skill on the green, this award honours the dedication, sportsmanship, and character that make this event so special. It was with great admiration and deep sadness that the award was presented posthumously to David Doolan from Boronia Range.

David had proudly participated in the State of Origin Bowling competition for the past three years, known for his infectious humour, spirit, and unwavering commitment. Though he was only able to play part of a game this year due to illness, his presence was deeply felt.

Tragically, David passed away just before the Grand Final. His legacy, however, lives on in the memories of all who had the pleasure of knowing him. David embodied everything this competition stands for — community, joy, and passion for the game. He will be sorely missed.

The 2025 Grand Final was a true celebration of community — combining competition, laughter, great food, and genuine connection. A huge thank you to all the players, supporters, volunteers, and sponsors who made it possible. We look forward to hosting the Hometown Australia State of Origin Bowling Competition in 2026!

Hometown Australia would like to thank this years sponsors for their generosity and support.

Turning Pages Into Friendships

Joining a book club is a wonderful activity for seniors encouraging conversation and keeping the mind active through thoughtful reading and discussion. Whether enjoying a favourite genre or discovering something new, book clubs create

a warm, welcoming space to connect with others, and continue lifelong learning in a relaxed and enjoyable setting. Let's take a look at the books turning pages into friendships at book clubs across Hometown Australia communities.

Kingfisher Book Club

How many members are in the book club and where do you meet?

We currently have 10 members and meet once a month in The Hub located in the community clubhouse.

Why did the book club start?

There was a group of us who were interested in broadening our reading, making the book club the perfect place to do so together.

How many books has the club read this year?

We have read 7 books so far this year.

What book are you currently reading?

We are currently reading the book *Twelve Years a Slave* which is a memoir by Solomon Northup who was kidnapped in Washington city and sold into slavery where he worked as an enslaved person for 12 years in Louisiana in 1853.

What do you love most about the book club?

We enjoy chatting about our latest read and having a laugh!

Sunrise Book Club

How many members are in the book club and where do you meet?

We currently have 12 ladies' part of the book club and we meet in the community clubhouse on the third Monday of each month in the evening. Whoever has chosen the book for that month brings supper for the group to enjoy.

How many books has the club read this year?

We have read 7 books so far this year, which are usually books in genres we usually wouldn't have chosen for ourselves, which is great!

What book are you currently reading?

We are reading *The Widow of Walcha* by Emma Partridge is about one of the most extraordinary criminal trials in Australia's history. It follows the story of Natasha Beth Darcy, who was convicted of murdering her partner, Mathew Dunbar, in Walcha, New South Wales.

What do you love most about the book club?

I love the book club because of the social interactions, lively discussion, friendships made, and laughter that we all have together.

The Pines Book Club

How did The Pines Book Club begin?

It was established by our resident author Robyn Henderson in 2024. Since then, the group has grown to approximately 30 members, meeting monthly in the community clubhouse.

Can you please share a bit about the book club?

After meeting monthly to discuss the agreed book, we decided to change the format as not everyone reads at the same pace or enjoys the same genre. Instead, members now bring one of their

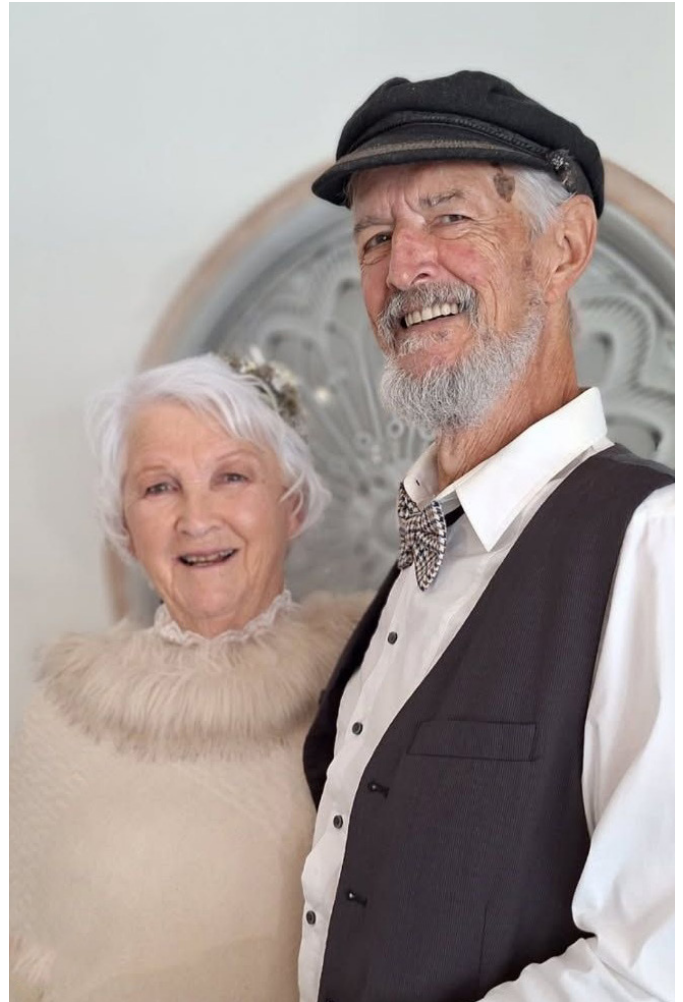

favourite books to share with the group and discuss. This year we also introduce guest speakers being local authors to attend and participate in a Q&A – which has been great.

What do you enjoy most about the book club?

We have built some great friendships and it's great to watch people's confidence in literature grow. It is also a great opportunity to meet with like-minded readers who have a passion for reading.

Love Blooms at Newport

A truly special moment unfolded at Hometown Australia's Newport community last month, as residents came together to celebrate the very first wedding held onsite - a joyful and heartfelt union between long-time resident Geoff and his bride, Marguerite.

Geoff, who moved to the community in 2017, has been a much-loved member of Newport with his involvement in the Residents Committee, the Men's Shed, and monthly cooking classes.

"During my time at Newport I have met a wonderful bunch of friendly people and built some great friendships," said Geoff.

The wedding was held in the community clubhouse with the ceremony itself being deeply meaningful. Both Geoff and Marguerite are devoutly religious, and Marguerite's son - a minister - led the proceedings, bringing a personal and spiritual touch to their vows. "One of the ladies, Sharon, made our wedding cake,

and Newport management along with some of the ladies and gents decorated the clubhouse," said Geoff. The group crafted a beautiful arbour and adorned the venue with made treasures, transforming the clubhouse into an elegant setting filled with love and charm.

The event not only marked the beginning of a beautiful new chapter for Geoff and Marguerite, but also highlighted the strength of community at Newport, where residents look out for one another, support one another, and celebrate life's milestones together.

"It's been great to have friendly interactions with other like-minded folk. There is a range of social activities which I could participate in or not, with no expectations. The facilities are great with the swimming pool, Men's Shed, bowling green, gym, and clubhouse. I also liked the

close proximity to Port Macquarie business centre," said Geoff. Though Geoff will be moving into Marguerite's home, his presence and generous spirit will be dearly missed by many within the community. Congratulations to Geoff and Marguerite on their marriage. Your love story is now part of Newport's history.

* Hometown Australia has a range of communities for over 50s and over 55s.

No stamp duty

There is no stamp duty payable on the purchase of your home, saving you thousands of dollars to spend on the lifestyle you deserve. This can be a real boost to your budget, considering the Property Council of Australia suggests you can spend up to \$75,000 in stamp duty and other costs downsizing your home.

Unlike most 'retirement villages' who charge you council rates, with Hometown Land Lease living you won't have to pay council fees.

Retain capital gains

In many other living choices, it's likely within the scope of your agreement that the village will share in any capital gains garnered from the sale of your home. With Hometown Australia, you, or your family, keep 100% of capital gains as cash profit.

No exit fees

When you sell your home, you won't pay any exit fees, unlike 'retirement villages' where you can be charged exit fees or 'deferred management fees' accrued over time. This is great for your budget.

A new way of living.
