DEFINITION OF AN EXHIBIT

For Stampede Agriculture events, classifications and “exhibit” shall be interpreted as follows:

1. A unit of livestock qualifying for an entry into a class as specified in the classifications. All registered animals, whether owned by one person or by more than one person (individually or jointly), are the production of the farm or breeding unit on which they are maintained.
2. For the purposes of the classifications, an “exhibitor” is any breeder or firm which owns and presents animals or farm produce for official placing by a judge at the time specified by the fair for judging.
3. For the purposes of the classifications, a “breeding unit” is defined as follows: In each classification where the same or common interests are involved in more than one breeding operation such operations are considered as one Breeding Unit. In all cases where there is any doubt that more than one breeding unit exists, the interpretation shall be that only one breeding unit exists. The responsibility of proof of separation of breeding units shall rest with the exhibitor(s).
4. “Purebred” means an animal that is purebred of the breed as determined by the by-laws of an association authorized to register animals of that breed.
5. The exhibit must be owned by and registered in the name of the exhibitor.

6. The exhibitor must produce the original Registration Certificate issued in the exhibitor's name to the Agriculture Manager or a representative of the Stampede when requested to verify the identification of the entry.
7. Exhibits must compete in proper class as to age.
8. Tampering with exhibits: Every exhibitor, in consideration of the entry being accepted, specifically undertakes that no exhibit entered by the exhibitor has been or will be, before entering the judging ring, unethically fitted or artificially coloured; and the exhibitor agrees to submit for inspection, before any inspector or inspectors appointed for this purpose by the Executive, any exhibit entered by the exhibitor, at any time required; and the exhibitor further agrees that the opinion of such an inspector or inspectors shall be final and conclusive and without recourse against the Stampede or any officers thereof, or any person appointed by the Executive to act in the matter in respect to any action which may be taken under the regulations as set herewith, and by entering the animal for exhibits herein releases the Calgary Stampede from all claims and demands whatsoever in connection with the disqualification of any animal under the provisions of this section. Any products/solutions/liquids administered internally to alter the conformation or weight of the animal is prohibited.
9. When the word "progeny" is used in the livestock classes, it is to be defined as referring to and meaning the direct descendant, as son or daughter.
10. In the "get of sire" and "progeny of dam" classes, ownership by exhibitor shall not be required unless otherwise stated.
11. Entry corrections must be submitted in writing directly to the Agriculture Entries Offices 48 hours prior to the show or the weigh-in.
12. Stampede has the right to make the conditions more restrictive. This means that performance standards may be higher, or the minimum number of exhibitors may be raised at the discretion of the Stampede.
13. Stall cards supplied by the Calgary Stampede must be posed above the livestock exhibits.
