

# Tyke Tataryn

---

I've been interested in heavy horses for most of my life. My grandfather was a noted Percheron breeder in Saskatchewan in the 1930s 40s and 50s. I bought my first team about 25 years ago. We mostly did sleigh and wagon rides but wanted to do more. I'd watched pulls, in Calgary at Stampede and in Edmonton at Farmfair International and decided to try it.

I joined the Central Alberta Draft Horse Pulling Club in 2011 and have been pulling all over Alberta since then. I've been the president of the club since 2016 and spend a lot of time and miles promoting Horse Pulling in Alberta. We also host the first club pull of the season at our farm the first Sunday in May.

I've been installing and servicing dairy equipment in Alberta, Saskatchewan, British Columbia and Montana for the last 35 years which keeps me busy when I'm not working my horses.
