WHO WE ARE

Wood Experts Driven by Purpose

As a fifth-generation family-owned company with more than 400 employees across North America, Bell Lumber & Pole has been leading the way in wood utility structures since 1909. We are a trusted supplier and strategic partner known for our unwavering commitment to reliability, quality, and service.

RADICALLY LOVE & INFLUENCE LIVES

Bell's mission is to radically love and influence lives. We're passionate about helping our employees, suppliers, customers and communities thrive.

OUR CORE VALUES

Stewardship

We believe stewardship means putting people first while caring responsibly for the planet. From supporting our communities to managing natural resources thoughtfully, we're committed to building a sustainable future.

Excellence

For over a century, we've maintained an unwavering commitment to excellence. We're continually striving to improve and innovate, ensuring we offer the industry's highest quality products and services.

Entrepreneurial Spirit

With a growing presence across North America, Bell remains rooted in a family-centric culture that encourages entrepreneurial thinking and a bold, can-do mindset.

OUR PROMISE

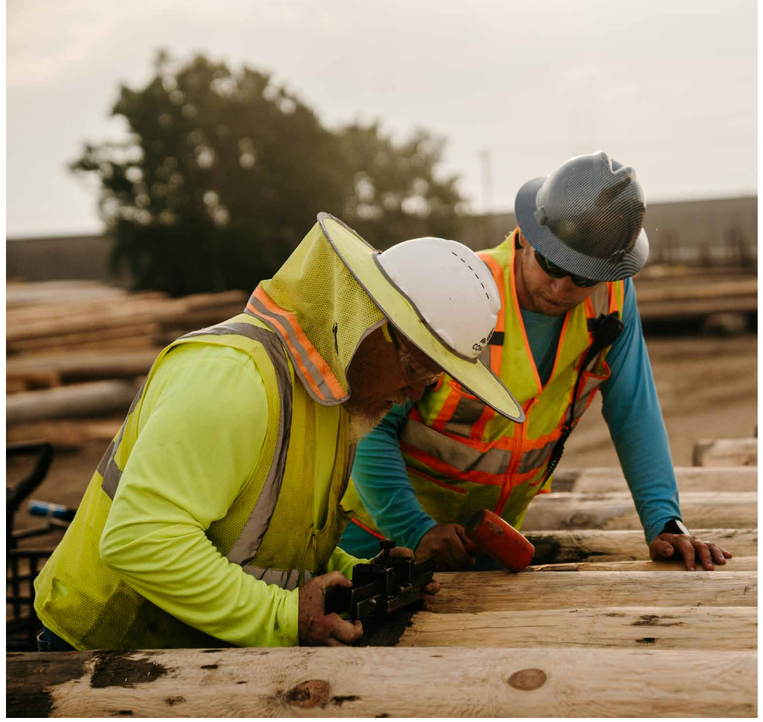

Your Partner in Power

At Bell, we're more than a pole supplier. Our team is dedicated to anticipating your needs so you can focus on serving your customers.

As your dedicated partner, we'll help you:

- Optimize your infrastructure
- Reduce lifecycle costs
- Enhance grid resilience
- Mitigate risk
- Recover quickly in emergencies

We listen. We learn. We deliver.

BELL + QUANTA

Protecting communities and ecosystems with responsible sourcing and treatment options.

Performance and Sustainability, Rooted in Nature

Wood poles have long stood the test of time, delivering reliable performance, environmental stewardship, and cost-effectiveness.

- **Lower Total Cost of Ownership:** Wood poles cost less to purchase and install, and deliver strong long-term value.
- **Proven Performance:** With proper maintenance, our wood poles can withstand extreme weather and last over 80 years.
- **Ease of Installation:** Lighter and easier to handle in the field, wood poles reduce installation time and equipment needs compared to steel alternatives.
- **Natural Aesthetics:** Wood poles blend seamlessly with the landscape, preserving the natural look and feel of your service territory.
- **Sustainable & Low-Impact:** Wood poles are renewable, carbon-sequestering, and have a lower environmental footprint to support your sustainability goals.

CERTAINTY OF SUPPLY

Bell Diversified System: Always Ready

With the industry's most resilient and customer-focused wood supply system, we ensure timely delivery.

SUPPLY READINESS	Five wood species and engineered laminated wood structure capabilities, protected by multi-regional sourcing to ensure uninterrupted availability.
SPEED & CONTROL	From forest to finished product, we provide customized procurement, construction, and maintenance services, alongside in-house treatment options and engineering expertise, to accelerate lead times and uphold strict quality standards.
EMERGENCY READINESS	Strategically located 24/7 emergency stockpiles support rapid response in times of need.
LOGISTICS EXCELLENCE	Streamlined planning with national rail and trucking ensures on-time deliveries tailored to each project.
END-TO-END SERVICE	We prioritize partnerships, delivering solutions that mitigate risk and drive project continuity with confidence.

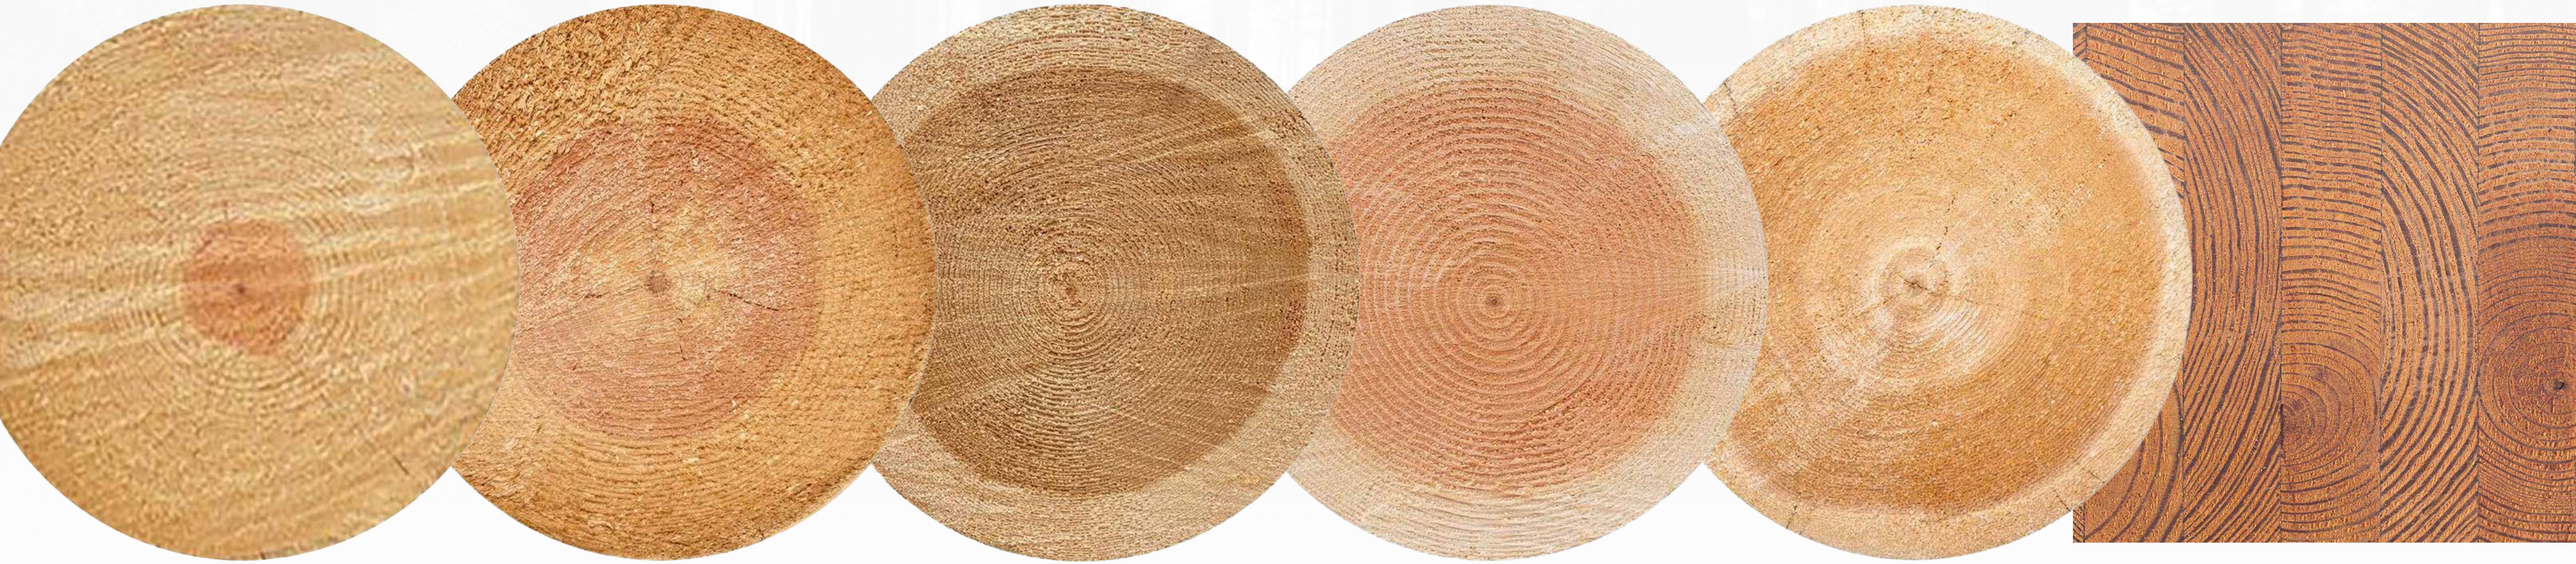

BELL DIVERSIFIED SYSTEM

More Choice. Less Risk.

At Bell, we offer the industry's most diverse selection of wood species, treatments, and custom engineering options—because no two projects are alike, and more choices mean better solutions tailored to your needs.
