**MERGERS & ACQUISITIONS**

**GHJ MERGES IN NORTHERN CALIFORNIA ACCOUNTING FIRM ORLANDO, MITTS, MOORE AND COMPANY**

GHJ, an accounting and advisory firm headquartered in Los Angeles with team members and clients throughout the U.S., is excited to announce its expansion in Northern California with Orlando, Mitts, Moore and Company (OMM), an accounting firm based in San Jose, CA, joining its team. The addition of this second office demonstrates GHJ's commitment to growth so it can better serve its clients nationally. Dedicated to excellence, GHJ believes merging OMM into GHJ will allow both employees and clients to #BeMore.

"OMM has a strong reputation in the community and brings a wealth of experience, especially in their tax services," said GHJ Managing Partner Tom Barry. "The synergy between OMM and GHJ's culture and values made this a perfect complement to our existing client offerings. Bringing OMM into GHJ is another demonstration of our commitment to better serve our clients located throughout California and the U.S."

GHJ is thrilled for OMM Partners and Owners Laurie Orlando and Lou Mitts and their team to join GHJ. Founded in 1981, OMM provides accounting services to individuals and businesses, including compilations, reviews and audits. OMM specializes in tax planning and preparation for corporations, LLCs, partnerships, private foundations, nonprofits, estates and trusts.

Merging OMM into GHJ provides synergy with two like-minded organizations. Tightly aligning with GHJ's own vision and values, OMM's mission is to help clients achieve success by providing personalized attention and excellent service that addresses not only today's needs but tomorrow's plans. Similar to GHJ, OMM has also embraced technological innovations and evolved over the years to meet the needs of its clients, without losing its commitment to personalized service.

"We are excited to be joining GHJ and what this means for both our clients and our employees," said Laurie.

With this expansion to a new office in Northern California, GHJ will be able to grow both its reach and its ability to serve clients, including current OMM and GHJ clients as well as future ones.

"Giving our clients access to GHJ's breadth of expertise and resources will give us the chance to expand our service offerings and serve our clients better than ever before," added Lou.

GHJ's Tax Practice pre-acquisition was comprised of over 65 professionals with expertise in state and local taxes, international tax planning, high-net-worth services and nonprofits in addition to corporate taxes. With tax providers located throughout the U.S., GHJ serves clients globally so they can grow revenues while minimizing tax burdens.

"Having OMM's impressive team of professionals join GHJ will help deepen our pool of top-notch talent and resources and aligns with our commitment to excellence in client service," Partner and GHJ Tax Practice Leader Akash Sehgal added.
