Reducing supply chain risk
to enable better business

Contractor Management

Veriforce provides one platform for health and safety, procurement, and operations professionals to find, evaluate, hire, and manage contractors and suppliers. By ensuring that all safety and compliance requirements are continuously met, we help our clients protect their people and the communities they serve.

Optimize Your Contractor Safety & Compliance

Mitigate Contractor Risk

Our platform gives you the information you need when you need it to make decisions quickly and confidently. This allows you to ensure that every contractor, supplier, and vendor meets your dynamic requirements, can perform their work competently, and is deemed safe to work before they ever step foot on-site.

Manage the Entire Contractor Lifecycle

From sourcing to onboarding, on-site work, and post-work evaluations, Veriforce provides one central platform for you to manage the entire contractor and supplier lifecycle. When combined with our predictive capabilities, this empowers you to make decisions based on leading indicators, track performance, and move rapidly to grow your business.

Find the Business Partners You Need

Search the Veriforce Network to find and hire the safety-committed contractors and world-class services you need to continue growing your business. The Veriforce Network is a powerful ecosystem that brings together like-minded hiring clients, suppliers, trainers, evaluators, and world-class service providers - all in one place.

Built For Your Requirements

One size does not fit all. As your partner, we will configure our solution for your unique corporate, industry, and regulatory requirements. We will also integrate with your existing processes, ERP, procurement, and reporting tools to create efficiency and agility across your organization.

Continuous Support & Improvement

Our dedicated team of experts partners with you and your contractors to provide support every step of the way. We actively work with them to close any gaps in their risk and compliance information, proactively alert them to any upcoming policy cancellations or expirations, and help them improve their business practices.

A Single Source of Truth

Centralize all of your contractor data and information in our platform and gain a complete picture of your current and past operations. Track and manage MSAs/contracts, W-9 forms, certificates of insurance, NDAs, and more from any web-enabled device.
