HIGH PAVEMENT SIXTH FORM
Part of Nottingham College

YOUR FUTURE
Over 200 years in the making

A Level Application Journey

Your path to success starts HERE

STEP 1

EXPLORE YOUR OPTIONS

From October

What are you interested in?

- Browse our A Level options.
- Visit an Open Day.
- Chat with a Career Advisor or your Tutor.
- Think about what you want to do after you finish Further Education at 18.
- UCAS requirements - do you need to take certain A Level subjects?

STEP 2

CHOOSE YOUR A LEVEL SUBJECTS

From October

Decide on:

- What entry requirements do you need?
- Browse our A Level subjects online at: **https://www.nottinghamcollege.ac.uk/study/a-levels.**

STEP 3

APPLY ONLINE

From October

- Go to our A Level page and browse our A Level subjects online at: **https://www.nottinghamcollege.ac.uk/study/a-levels.**
- Complete an application form online - you need to pick three A Level subjects and input your predicted grades - if you don't, this will hold up your application!
- You will receive a confirmation email.

TOP TIP: **Use an email address you have access to all year round so not a school email!**
There is no official deadline but the earlier the better as it means you're more likely to get a place!

STEP 4

ACCEPT OFFER

After you Apply

You will receive an email about logging into your Nottingham College account to accept your 'conditional offer'.

- Accept your conditional offer of a place - this means that you have been offered a place, but it is dependent on meeting the entry requirements.
- You will then receive your 'Ticket to Your Future' through the post which outlines the next steps in your journey towards enrolment.

STEP 5

A LEVEL TASTER DAY

December and June

The Taster Day is a chance to meet new people, dive into your chosen subjects, and experience what life at High Pavement Sixth Form is all about.

STEP 6

ENROL & START YOUR COURSE

August – September

Once you have your results, you will need to officially enrol onto your course. You will be emailed an enrolment slot at the relevant campus.

What you need to do:

- Come into the college and bring in your GCSE results and a form of ID to confirm your results and enrol.
- You will also get your Nottingham College ID card and Induction Day dates.
- Discuss options with our Career Team if your results are not as expected and get enrolment information for another course.

TOP TIP: **You will need to be available from GCSE Results Day onwards, so ensure no holiday is booked during this time!**
