  - Swap coping stories
  - Reorient
- Some active members dropped out of meetings while others joined in.

- Learn technical skills

# How the Coalition adapted

- Monthly zoom meetings, emails and phone calls as necessary.
- Share technical know-how
- Create shared google documents.
  - Share performer list and feedback on zoom performances
- Each provider sends invites for all memory cafes in coalition to their own group to not overwhelm people's emails from outside sources.

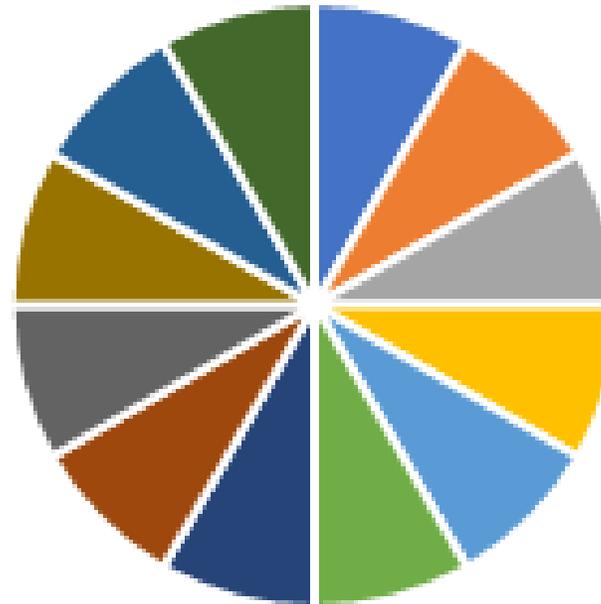

# What happened to the Memory Cafes?

- Most cafes were cancelled March through August
- Worcester Cafe pioneered and went virtual in April
- Franklin Cafe went virtual in June
- By September: 7 out of 12 memory cafes had reopened virtually
