

ECLIPSE 120

Whether you're scaling up production or streamlining small-batch workflows, the Eclipse 120 is built to deliver — fast, flexible, and future-ready.

Northtech's Dual Station Cobot Welding System featuring Tooling Tables that work with standard welding fixture kits. Revolutionize your welding productivity with the Dual Station Cobot Welding System — engineered for speed, efficiency, and unmatched ease of use. Featuring a spacious 120" x 40" work envelope and dual operator stations, this system keeps your workflow moving while delivering premium weld quality.

No Payload problems period! If you have ever used a cobot, you know what we are talking about. Through Northtech's extensive experience and R & D, our machines are smooth and problem free. Even with complex welding torch angles.

System Specs:

- Quick Job Set-Up That Justifies Automated Process
- Motion Speeds 8X Faster Than Competitive Cobots
- 150% Efficiency Gain Over

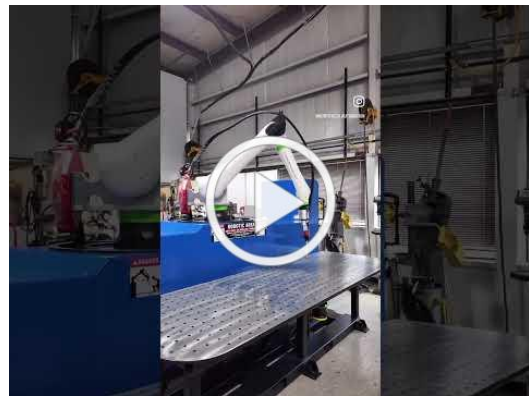

Manual Welding

- Fanuc CRX-25 Cobot with Android Tablet Teach Pendant
- OTC Daihen P402 400 Amp. Pulse Welding Package
- 2 Operator Stations
- Quick Job Set-Up That Justifies Automated Process
- Northtech TunnelTek Cable Management System

Optional Upgrades:

- Water-cooled torch
- Head and Tail Stock Part Positioners
- Automatic nozzle cleaning station
- 500 amp welding power source
- Intelligent software tools: Low spatter, seam tracking, stitch welding, touch sensing and multi-pass welding.
