

REVOLUTIONIZING QUALITY CONTROL WITH AI & AUTOMATION

WHO WE ARE

EZ Automation Systems is a leader in advanced automation, specializing in AI-driven vision inspection, robotic, and cloud-based automation solutions.

WHY CHOOSE US?

1

CUTTING-EDGE TECH.:
AI-powered, 3D imaging,
and cloud-based solutions

2

CUSTOM SOLUTIONS:
Industry-specific automation
with minimal downtime

3

PROVEN SUCCESS:
Strong global presence
with successful deployments

GLOBAL REACH

USA | Ireland | Netherlands | Australia | Japan
India | Singapore | Germany | Switzerland

PIQUE – AI-POWERED INSPECTION SYSTEM

THE FUTURE OF AI-DRIVEN QUALITY ASSURANCE

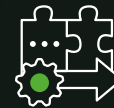

PRE-TRAINED AI MODELS
Rapid deployment for instant defect detection

ADAPTIVE LEARNING
Learns from past defects & adapts to surface variations

CUSTOMIZABLE INSPECTION CRITERIA
AI-suggested quality metrics based on industry needs

SEAMLESS INTEGRATION & SCALABILITY
Easily integrates into existing workflows

MINIMAL DOWNTIME FOR CHANGEOVERS
Automatically generates new product recipes

AI-POWERED AGENT
First-of-its-kind technology optimizing quality assurance

PIQUE

PIQuE is a True 360° full-coverage AI-driven high-accuracy inspection system, ensuring unmatched quality control across industries.

INDUSTRIES BENEFITING FROM PIQUE

MEDICAL DEVICES

AUTOMOTIVE

CONSUMER GOODS

ELECTRONICS

AEROSPACE

EXPERIENCE THE FUTURE OF QUALITY CONTROL WITH PIQUE!
