3.0 PURPOSE AND GENERAL PROCEDURES

- 3.1 The purpose of the Referral Examination Board is to consider those students whose work had been referred at the first Faculty Examination Board held week commencing 30/06/2025. Minutes at that Examination Board were taken 'by exception', with details of non-passing or debtor students recorded.
- 3.2 Following the first Faculty Examination Boards letters had been sent by the HE Office notifying students who had been approved to 'Pass and Graduate' or 'Pass and Progress'. The HE Office had also sent out letters to students who had been referred notifying them of the decision, module/unit details and conditions under which they may still be able to pass the level. Curriculum staff had then contacted individual students with specific details of additional work required.
- 3.3 The procedure for the Referral Examination Board would be to consider details of each referred student and to receive an update on progress. A decision would then be made as to whether the student would be able to pass the course/level, be withdrawn or have to submit further work. This would usually be by Chairs action. These results to be brought to the Summer 2026 HE Examination Boards for recording. Where circumstances dictated, the category of "Pass with Referral" would be recorded for students who had completed sufficient work to allow progression to Year 2 while still having work outstanding from Year 1. **Note: Students with outstanding fees will not be allowed to graduate. Students who have passed Year 1 will not be allowed to enrol on Year 2 of the course until all outstanding fees have been paid.**
- 3.4 Course Leaders to liaise with the Examinations Manager to update spreadsheets and decisions lists detailing referred students to be considered. **Important note: Ensure that NTU validated course decision lists correctly detail student legal names as enrolled and registered with NTU.**
- 3.5 **Course Leaders to confirm that External Examiners have agreed grades put forward for consideration.**
- 3.6 The Examinations Manager will record the decisions electronically, obtain signatures on printouts and arrange appropriate certification. For NTU validated courses, all certificates to be requested by Examinations Manager from NTU's Centre for Academic Development and Quality (CADQ); Examinations Office to retain certificates for any student having outstanding fees until debt discharged.
- 3.7 For completeness, the decisions of the Referral Examination Board will be recorded in the minutes in addition to the First Examination Board record.
- 3.8 The University Centre will send out a notification letter to all students confirmed to 'Pass and Graduate', 'Pass and Progress' or 'Pass with Referral' within 10 working days. Note: Curriculum staff to communicate with 'Pass with Referral' students regarding the detail of any work still to be completed.
- 3.9 The Course Leader will initiate withdrawals following the Examination Board's decision through EBS.
- 3.10 Following the Referral Examination Board, in accordance with NTU's requirements, the Examinations Manager will process all Conferment Lists to External Examiners for signature prior to submission.

- 3.11 Course Leaders to access EBS to check numbers of first year students rolled over to the second year and particularly to check that any withdrawals have been actioned.
- 3.12 To ensure that all students across different Faculties are treated fairly and equitably, and actions applied consistently, the Dean of Higher Education will be attending all Higher Education Examination Boards.

4.0 SPECIFIC PROCEDURES FOR RESULTS REPORTING

- 4.3 Course Leaders to read through class lists and announce results for their own course:
- Students who have completed their level of study:
 - student name;
 - whether Pass and Progress/Pass and Graduate;
 - recommended classification as appropriate
 - Students who have not completed their level of study:
 - student name;
 - Module/Unit number of all referred modules
 - Chair to announce decision regarding resubmission and deadline to be met for any student still having work to be completed (see section 3.3)

- 5.2 **Any final year student** who has a deficiency of up to 60 credits (for an FdA or BA course) will not normally be given the opportunity to re-sit examinations or resubmit coursework.

6.0 FACULTY PRIZE

- 6.1 For any Faculty who had not made a nomination at the first Examination Boards: After all grades have been considered, nominations will be recorded for student chosen to receive Faculty Prize. In cases of several nominations, the Head of Centre/Faculty Area Manager/Curriculum Manager and lecturers should discuss the merits of each prior to attendance at Referral Exam Board. For detailed selection criteria see page 7.
