Beautiful light filled home

Step into this beautifully light-filled two-bedroom plus study home, where comfort meets easy, relaxed living. The open-plan kitchen, dining and lounge create a welcoming heart of the home — perfect for quiet mornings with a coffee or entertaining family and friends.

Enjoy the best of indoor-outdoor living with two inviting outdoor spaces. One is fully enclosed, giving you a cosy spot to unwind, read, or entertain all year round, while the low-maintenance garden means more time enjoying life and less time on upkeep.

Ideally positioned close to the clubhouse, you're just moments from everything that makes Lifestyle Communities so special — the pool, gym, cinema, and a vibrant social calendar ready for you to enjoy as much (or as little) as you like.

This is more than a home — it's a lifestyle of connection, comfort and carefree living.
